CINCINNATI—Even the most ambitious photography fanatics would have difficulty making time to see everything under the *FotoFocus* banner. More than 50 galleries, museums, libraries and other gathering centers in and near Cincinnati, along with a few outlets in Dayton, are part of the second *FotoFocus*, showcasing work from regional, national and international photographers.

As *FotoFocus* heads into its final week—Nov. 1 is the official closing, though some works will remain up after that date—we've put together a guide to several exhibitions you shouldn't miss before the end of the month. You can get details on [all FotoFocus exhibitions at the event's web site](#).
